

**City Nature  
Challenge**

**2025**

**10 years of bringing the world together for biodiversity**

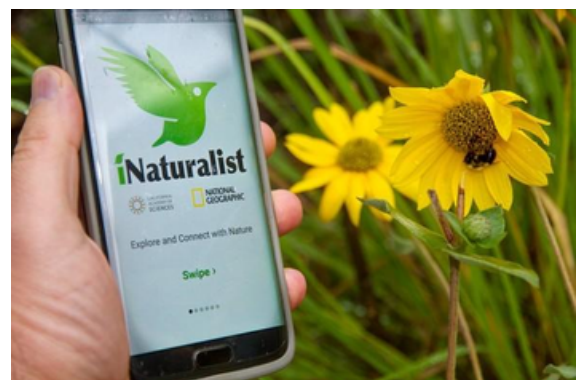

**@St Bernard's**

Started in 2016 as a competition between Los Angeles and San Francisco, the City Nature Challenge (CNC) has grown into an international event, motivating people around the world to find and document wildlife in their own cities. It is an annual four-day global bioblitz at the end of April, where cities are in a collaboration-meets-friendly-competition to see what can be accomplished when we all work toward a common goal.

We are inviting Team 5 and 6 parents and families to join us on Friday the 25th April at 2pm to help collect as much data about nature as we can.

Chester Zoo will be here to run the event.

Download the  
iNaturalist app  
before you come
